

## 20220423 IPMS test result

\*註: 有個[客] 字既即係個客試到出嚟嘅嘢, 而我再喺 4 月 22 日生出嚟最新版嘅 APP 入面轉 DEV 試過一次都有嘅問題。如果係因為 PRD 版本未更新而出現嘅問題我已經 FILTER 走晒。

### 1) [APP BUG] [客] BOOK 完後有機會出現呢個畫面

呢度牽涉另一個問題: 所有 SECTION 由完全無 ENTRY 變成有 ENTRY 時記得 REMOVE 嗰句 NO xxxx available 嘅 MESSAGE, 呢個問題應該唔止 BOOKINGS 有, 請覆檢一次其他 SECTION

### 2) A) [APP BUG] [客] MAILBOX 同 NOTICE 個 HEADING 重疊問題 (左圖)

B) [APP BUG] 有機會 CHOK 到 NOTICE 錯 HEADER BUG: (右圖)

先按 MAIL BOX-> 按 MAIL BOX 內的 ENTRY->按 HOME->按 NOTICE BOARD 嗰個向右雙箭咀

就會出現如下圖的情況

3) [APP MOD] [客] TIMESLOT SELECT 區域要調整

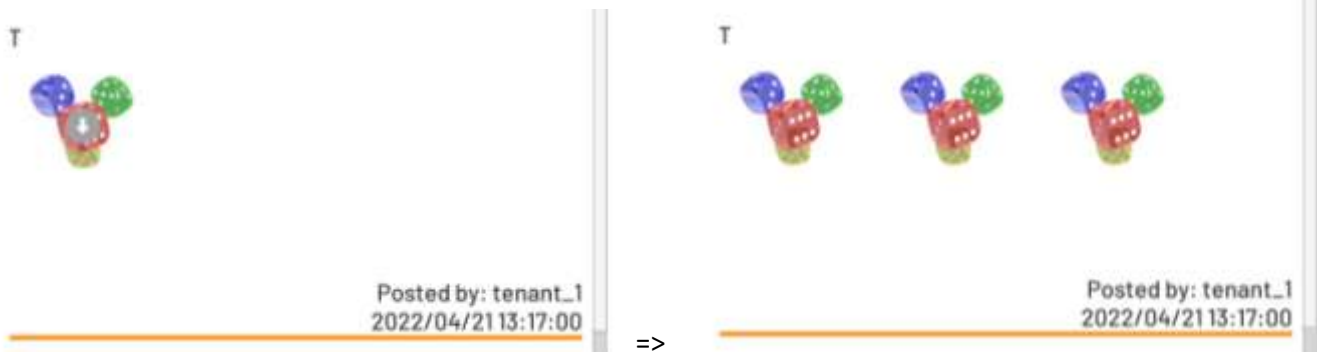

- 4) [APP MOD] [客] Profile (Update Password) 嗰度第一行 (Current Password) 移落少少, 個 TEXT BOX 較高少少, 尋日都發現到呢個問題, 喺 APPLE 機嗰邊執咗, 但可能返到過 WINDOWS 時未改而家睇唔到個個 TEXT BOX 打咗乜嘢字 (我因此比個客屏到上天花版)
- 5) [APP BUG] Contact Us 嗰度應只有第一次 LOAD 先係完全正確, 之後按走佢去其他 Section 再入返 Contact Us 時, 全部人名變咗 Mr. Ng, 全部職位變咗 Property Manager, 電話號碼都係 DEFAULT 嗰幾個。請確保每次都有 LOAD JSON

- 6) [APP MOD]BILL PAYMENT CONTENT 個箭咀向上移咗, 麻煩修正返佢 (置中)

- 7) [APP MOD] 老問題: NOTICE / MAILBOX 個 WEBVIEW 如果按左上角個 MENU BUTTON 時都係會閃咗一吓先無。睇睇可唔可以 SET 返 HIDE 咗個 WEBVIEW 先 SLIDE 個 SIDEMENU 出來
- 8) [APP BUG] [或者可以叫做 MOD?] FACILITY LIST 嗰度如果未 LOAD 得切張 COVER 圖會出現咗羽毛球場嗰張 DEFAULT 圖片... 睇睇可唔可以轉做個白色嘅長方形 OBJECT
- 9) [APP BUG] WORKS ORDER LOAD 圖片問題: 如果張圖有返咁上下 SIZE 或者 NETWORK 慢時, 按 PREVIEW 嗰個下箭咀時會變咗呢個情況

e.g. 我篤咗 3 吓就變咗 LOAD 咗 3 次

最快嘅解決方法係按筭一吓下箭咀時,

直接按完箭咀後彈睇圖嗰個框出嚟, LOAD 到圖後就顯示張放大圖。

如果麻煩的話, 喺張 PREVIEW 圖上面加個隱藏嘅嘢擋住佢, 防止 USER 篤多過次  
更正統嘅方法應該係改 SCRIPT SET 佢只能行一次 \*建議今轉做埋呢個步驟

10) [APP BUG] Published 嗰個時間唔啱, 而家係顯示咗最後出 POST 嗰個時間

11) [API MOD]INVOICE DEBIT NOTE 顯示改動 ---- 星期一傾點搞

12) [APP BUG / API BUG] WORKS REPORT 用落都係

好多時 UP 唔到圖, 個 REPLY 有圖的話 UP 唔到而成個 REPLY 無咗

可唔可以 CHECK CHECK REPLY POST 個 API 有無機制係收到 RESPONSE 後先 LOAD 返去之前嗰頁?

13) [API BUG] UPDATE TIMESLOT 不成功

facility\_service 313 由 time\_type 6 改做 time\_type 5,但 response 返黎 time\_type 都係無 update..仍然係 time\_type 6

[https://dev-ipms.lttapp.com/docs/html/public/posts/facility\\_api\\_update\\_timeslots/](https://dev-ipms.lttapp.com/docs/html/public/posts/facility_api_update_timeslots/)

PERRY 原話: UPDATE TIMESLOT 不成 facility\_service 313 由 time\_type 6 改做 time\_type 5,但 response 返黎 time\_type 都係無 update..仍然係 time\_type 6

[https://dev-ipms.lttapp.com/docs/html/public/posts/facility\\_api\\_update\\_timeslots/](https://dev-ipms.lttapp.com/docs/html/public/posts/facility_api_update_timeslots/)

## WORK TO DO, 特別問題

[健]API, CMS 修正好後抄過 UAT+PRD

[健]TEMPLATE 已更新, 記得 BACKUP 同

[健]WEBVIEW 已更新

[健]ODS 檔內容更新

[WILSON] 記得要 OUTPUT 埋 APK

[健]PHP IMAGICK 處理.heic 檔問題 => 可唔可以轉埋做 PNG?

[健]PDF 檔權限問題: 而家任何人 CLICK 條 URL 都見到個 PDF 檔...

e.g. <https://dev-ipms.lttapp.com/api/cms/pdf/1/notice/5>

有無方法喺條 URL 後面加條 validation tag 之類嘅嘢?
